The alteration proposed by the Nanjangud Municipality and recommended by the Deputy Commissioner is not suitable as it will make the bill form unwieldy big and does not appear to be necessary either

As stated in this office No 67/LAD dated 10-8-34 to the President if and when such yearwar particulars have got to be furnished they might as well be noted on the reverse of the form

13 This is a question which
affects the ratepayers in
municipalities In cases where
the ratepayers make up their
minds to resist to costs under
the provisions of the Regulations, against
the notices of demand issued by the
Municipal Council, it is likely

that the cases would go against the municipality, since the notice issued does not conform to the provisions of the Regulations. It means that the collection of M.L. Revenue would be rendered difficult & the M.L. executive also placed in a delicate position. In this view it will not be possible to accept the proposal to print the form as revised after the present stock is exhausted.

14 But the stock is large - as many as 3141 books! With a view to see that this is not rendered useless, it is suggested that only slips containing the note as revised be printed & pasted on the reverse of the forms & suffixed merely the titles. The Supdt. of Printing may perhaps be consulted unofficially on this proposal.

15 A This may be done.

L & A BRANCH

Sir,

In forwarding herewith, for the information of Government, a copy of letter No F 1951 of 19-11-34 received from the Superintendent Government Press, Bangalore, together with two copies of its enclosures in the matter of revision of Form No 16A Municipal Account Manual (i e , Mohatarfa Bill forms), I have the honor to state that this form is being issued by the Town and City Municipalities under Sections 90 and 95 of the Town and City Municipal Regulations of 1933 respectively Each of these sections requires that the bill should specify (a) the period for which (b) the property, occupation or thing in respect of which the sum is claimed and should also give notice of the (1) liability incurred in default of payment and of (ii) the time within which an appeal may be preferred against such claim The approved form now in use is in conformity with the above rules except that there is no mention as to the time within which an appeal may be preferred It is not known why provision therefor was omitted to be made in the approved form No 16A though it has been printed under Section 82(2) of the old regulation (i e Regulation VII of 1906) which required the insertion of such a provision Even the form of demand notice which has to be issued in cases in which the bill is not paid within 15 days of its presentation as required under Sections 90(3) and 95(3) of the City and Town Municipal Regulations (new) respectively does not specify the time within which an appeal may be preferred

In these circumstances, revision of the notes on the reverse of the Form, with a view to supply the omission seems necessary so as to bring it into conformity with the requirements of the Regulations The words"in Form 16B" are also inserted in the penultimate sentence to make the point clear as there is a tendency to grant receipts on the bill form itself or in manuscript which lead to frauds

I append hereto a revised copy of the notes that may be printed on the reverse of Form No: 16 A & A & for being placed before Government for approval and communication of their order

I have the honor to be,
Sir,
Your most obedient servant,

Comptroller

Letter No F 1951 dated 19-11-34 from the Superintendent, Government Printing, Bangalore, to the Comptroller to the Government of Mysore, Bangalore

======

I have the honor to state that in the course of my inspection of the stock of forms in the office of the President, Town Municipal Council, Chikmagalur, on the 19th September 1934, it was brought to my notice that the existing form in which M A M No 16A was printed was defective in certain respects and that the Municipal Council had therefore got the form printed at a Private Press in a different form, to conform to the provisions of the Municipal Regulation A copy of Letter No 292/34-35 dated the 5th November 1934 received from the Chief Officer of the above Municipal Council together with samples of the authorised form printed and supplie from the Government Press on the Municipal Indent and of the revised form printed at the Private Press by the Municipality are forwarded herewith for kind reference

As regards the statement made in the Chief Officer's letter that the bill books were got printed locally according to the draft got from the Lawyers engaged by the Municipality, I am of opinion that in that event the matter should have been reported to you and action taken to get the form prescribed under the Municipal Account Manual revised if necessary

In view of the Statement made in para 2 of the Chief Officer' letter that form No M A M 16A was found to be defective I request that the matter may be kindly examined and information kindly furnished to this office as to whether the form requires revision and if so, a sample of the revised form may be kindly furnished to this office for taking necessary action

The two sample forms of M A M No 16A forwarded herewith may be kindly returned with your reply

---

I am in receipt of your letter No F 1273 dated the 3rd October 1934

In reply I have to inform you that the Civil suits were dismissed not on account of the defects in the form The bill that is being used was not quite in conformity with the provisions of Municipal Regulation viz , Sections 82 (Old Regulation) and this was casually observed in course of argument in the Court On this suggestion the bill books were got printed locally according to the draft got from the lawyers engaged by the Municipality

Form No M A M 16A was found to be defective in as much as it did not specify the particulars required in Section 82 Clause (2) (i) and (ii) Viz "them notice of demand in default of payment and of the time within which an appeal may be preferred as herein-after provided against such item" The Regulation also repeats the same provision in Section 90)

Under these circumstances the form and the bill was amended to conform to the provisions of the statute.
